PROFESSIONAL COLLABORATIONS & ART LICENSING

LICENSING & USAGE RIGHTS

Selected artworks and collections may be licensed to meet the specific requirements of interior design, hospitality, commercial, and branding projects.

Exclusive usage rights for an artwork or an entire collection can be reserved for a dedicated project, ensuring a distinctive and cohesive artistic identity.

Licensing opportunities include:

- Decorative integration within commercial, hospitality, and residential environments
- Exclusive or semi-exclusive collections
- Reproduction on decorative and architectural surfaces
- Limited-edition series developed for specific projects
- Bespoke artistic developments and commissioned collections

Each project is subject to a tailored assessment to define the scope of rights granted, the duration of use, territorial coverage, and all applicable licensing conditions.

ABSTRACT ART by SHEBAH

ARTISTIC VISION

ABSTRACT ART COLLECTIONS

For projects requiring a more refined and minimalist aesthetic, SHEBAH offers a curated selection of original abstract artworks designed to integrate seamlessly into contemporary residential, hospitality, and professional environments.

Conceived as a natural extension of the architectural space, these collections bring a powerful visual presence while allowing the architecture, materials, and identity of the environment to remain at the forefront.

Through their balance of form, texture, and composition, the artworks enhance interiors with sophistication, depth, and timeless elegance.

COLLECTION "THE PATHS" TRIPTYQUE

FINE ART PHOTOGRAPHY COLLECTIONS

For projects seeking a distinctive artistic signature, SHEBAH develops fine art photography collections conceived as true identity-defining elements.

Combining visual impact, refined elegance, and narrative depth, these works complement the architecture while enriching the emotional experience of a space.

Designed for luxury hotels, prestigious residences, reception areas, executive environments, and exceptional destinations, these collections create compelling visual focal points that reinforce the unique character and individuality of each setting.

More than decorative features, these photographic works contribute to the storytelling of a place, strengthen its positioning, and elevate the overall guest and visitor experience.

BE STILL by SHEBAH

BE STILL I

For Artwork No. I, I sought to explore the essence of rest – a state of stillness that invites reflection, presence and inner peace.

BE STILL II

For Artwork No. II, I wanted to explore the idea of renewed strength – the quiet resilience that emerges through stillness, bringing clarity, confidence and balance.

BE STILL by SHEBAH

BE STILL III

For Artwork No. III, I chose to portray a form of creativity that arises from calmness rather than urgency – a creativity nurtured by contemplation, far removed from agitation or constant motion.

BE STILL IV

Artwork No. 004 reflects a search for a new form of beauty – one born from stillness, authenticity and freedom, untouched by societal expectations or imposed standards.

BE STILL by SHEBAH

BE STILL collection is inspired by serenity, trust and presence. It brings together six contemporary portraits distinguished by compositions that are both elegant and timeless.

The collection's palette combines deep blacks, luminous whites, refined shades of beige and grey, complemented by subtle touches of blue and enhanced with accents of gold that capture the eye and enrich the surrounding space.

These timeless tones integrate seamlessly with contemporary materials such as wood, stone, metal and glass.

Layered textures, material effects and carefully balanced contrasts give each artwork a sophisticated and architectural presence, making the collection particularly suited to reception areas, hospitality environments, executive offices and high-end residential interiors.

BE STILL consists of six numbered artworks that form a cohesive and distinctive collection. It invites viewers to slow down, observe and experience a moment of contemplation.
(Four artworks have been selected for this presentation.)

The BE STILL collection is protected under Certificate No. 14761250126S002.

Note: No artificial intelligence is used in the creation of SHEBAH's digital artworks.

YOUR JOY by SHEBAH

JOY I

For Artwork No. I, I sought to explore the joy that emerges through resilience – the kind of joy that endures despite adversity and persists beyond the shadows.

JOY II

For Artwork No. II, I wanted to express a sense of liberation. A moment in which challenges are transformed into creative energy, becoming a force for growth, momentum and renewal.

JOY III

For Artwork No. III, I chose to celebrate the joy that comes with acceptance and fulfilment after hardship – a quiet strength born from experience, transformation and inner peace.

YOUR JOY by SHEBAH

YOUR JOY collection is inspired by inner strength, transformation and fulfilment. It brings together contemporary portraits characterised by expressive compositions and a vibrant visual language.

The palette combines deep blacks, luminous whites and sophisticated shades of grey with accents of gold and red, creating a powerful sense of energy, warmth and visual impact.

These bold tones establish strong focal points while harmonising naturally with contemporary materials such as wood, stone, metal and glass.

Rich textures, striking contrasts and carefully placed colour accents give the artworks a presence that is both dynamic and refined.

The collection is particularly suited to reception areas, hospitality venues, lounge restaurants, premium coworking environments, executive offices and luxury residential projects.

YOUR JOY comprises six numbered artworks that form a cohesive and distinctive collection. Designed to bring energy, elegance and depth to contemporary interiors, the collection creates a strong visual identity while enhancing the overall experience of a space.

(Three artworks have been selected for this presentation.)

The YOUR JOY collection is protected under Certificate No. 14761150226S066.

Note: As with the BE STILL collection, no artificial intelligence is used in the creation of SHEBAH's digital artworks.

ABOUT THE ARTIST

A multidisciplinary artist, SHEBAH has developed a distinctive creative universe where fine art photography, abstract art and visual storytelling converge within cohesive and emotionally resonant contemporary collections.

Her work explores themes of identity, legacy and human emotion through an ongoing pursuit of harmony, meaning and authenticity. Each artwork is conceived as an artistic presence – one that evokes emotion, tells a story and creates a lasting connection with its environment.

Designed to engage in dialogue with architecture and enrich the experience of a space, her collections naturally find their place within luxury residences, hospitality projects, professional environments and cultural venues.

Through her artistic approach, SHEBAH views art as a living element that contributes meaningfully to the identity, atmosphere and soul of a place.

Why SHEBAH?

SHEBAH offers a distinctive artistic vision developed through carefully curated collections that combine aesthetic coherence, emotional depth and visual impact.

Each collection is conceived as a cohesive artistic universe, designed to integrate seamlessly into contemporary architectural, hospitality and residential environments.

Why partner with SHEBAH:

- A distinctive and recognisable artistic identity
- Cohesive, curated and legally protected collections
- Original artworks created exclusively through human artistic practice, without the use of artificial intelligence
- Certificates of authenticity and intellectual property protection
- Tailored support throughout the project, from artwork selection to integration within the space
- Flexible solutions for hospitality, luxury residential, corporate and cultural projects
